Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

The short trip from wonder to questioning took but an instant. From those first questions the magi sprang. The magic held in the stars represents the powers that the gods used to make the world. The stars stand as the anchor points in the universal design. Channeling their power allows the magician to create effects in the world without fundamentally altering the shape or nature of the universe. It is a subtle, gentle magic based on knowledge and personal exploration, not the rending and tearing of the world. Magi stand at the summit of the star magic world but nearly any arcane magician can learn to channel a few stars or constellations. A magician's knowledge of the stars progresses naturally from studies of other schools of magic. A student can sample from many styles and schools without limiting himself to one. Many arcane magicians find their abilities greatly enhanced with the addition of a few stars or constellations to their spells. If nothing else the study is good for them, enhancing their knowledge of the universe. A few find the subject...
