The Veterans Health Administration (VHA) has been using miscellaneous obligations for over 60 years to record estimates of obligations to be incurred at a later time. The large percentage of procurements recorded as miscellaneous obligations in fiscal year 2007 raised questions about whether proper controls were in place over the authorization and use of billions of dollars. GAO was asked to review (1) how VHA used miscellaneous obligations during fiscal year 2007, and (2) whether Department of Veterans Affairs (VA) policies and procedures were designed to provide adequate controls over their authorization and use. GAO obtained and analyzed available VHA data on miscellaneous obligations, reviewed VA policies and procedures, and reviewed a nongeneralizable sample of 42 miscellaneous obligations at three case study locations. This item ships from La Vergne, TN. Paperback.
