

A Second Book of Bridge Problems

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

A SECOND BOOK OF BRIDGE PROBLEMS

Master Point Press. Paperback. Book Condition: new. BRAND NEW, A Second Book of Bridge Problems, Patrick O'Connor, Like the author's first book (A First Book of Bridge Problems, named Book of the Year for 2011 by the American Bridge Teachers Association), this sequel comprises 50 problems in declarer play and defence for the beginning or near-beginning player, presented in approximate order of difficulty. The problems are slightly more advanced than those in the first book. Experienced players recognize certain standard situations without having to work them out. This does not apply to novices who spend a lot of mental effort on them. The aim of the book is to get novices to develop their recognition of these situations. The idea is to present bridge hands as the reader would encounter them playing at the table. Unlike in a textbook, where topics are introduced systematically, there is no clue as to what type of play is required.
