## ACID DREAMS: THE COMPLETE SOCIAL HISTORY OF LSD

Grove Press / Atlantic Monthly Press. Paperback. Book Condition: new. BRAND NEW, Acid Dreams: The Complete Social History of LSD, Martin A. Lee, Few events have had a more profound impact on the social and cultural upheavals of the Sixties than the psychedelic revolution spawned by the spread of LSD. This book for the first time tells the full and astounding story of its hidden till now in secret Government files of the role the mind-altering drug played in our recent turbulent history and the continuing influence it has on our time. And what a story it is, beginning with LSD's discovery in 1943 as the most potent drug known to science until it spilled into public view some twenty years later to set the stage for one of the great ideological wars of the decade. Acid Dreams is a complete social history of the psychedelic counter-culture that burst into full view in the Sixties. With new information obtained through the Freedom of Information Act, the authors reveal how the CIA became obsessed with LSD during the Cold War, fearing the Soviets had designs on it as well. What follows is one of the more bizarre episodes in the covert history of U.S. intelligence as the search for a truth drug began to resemble a James Bond scenario in which agents spied on drug-addicted prostitutes through two-way mirrors and countless unwitting citizens received acid with sometimes tragic results. The story took a new turn...
