Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *Select Methods in Food Analysis* The rapid sale of the first edition of this work, and the favorable opinions expressed in reviews and correspondence, have encouraged the authors to prepare a second edition, which it is hoped will be worthy of the position attained by the first. The preparation of the second edition has been considerably delayed, and in the interval much progress has been made in the field. American work is rapidly becoming the leader in food-analysis. The excellent equipment of the laboratories of the Department of Agriculture at Washington, supplemented by more than two-score of State experiment stations, and by hundreds of investigators, connected with Boards of Health and Food Commissioners, enables every problem to be submitted to prompt and searching inquiry. We have endeavored to utilize this material fully. It is to be regretted that the publication of these investigations is still unsatisfactory, important results often appearing in bulletins of local circulation and limited editions. It is to be hoped that some system of international publication, easy of access, will be instituted. In the present edition much alteration has been made. Many paragraphs has been cancelled and much new matter inserted. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
